### Carrier's Liability Coverage - Standard rates apply - TITAN TFS Discount Tariff

- **Limit of Liability & Released Values:**
  - Carrier's liability shall not exceed the lesser of: Actual value, individual customer tariff, limit of liability or released values listed below unless a higher declared value is stated and excess coverage applied. When actual weight and dimensional weight are used in the calculation of freight charges, the limit of liability shall apply to the billable weight. In an effort to provide its customers with quality service at competitive rates, certain commodities may be offered to be shipped at less than full value and TITAN encourages shippers to review the following limit of liability. All shippers are further encouraged to evaluate their cargo insurance program so they may tender their goods at the lowest possible overall cost while still being insured for a value consistent with their requirements.
